Hi Dave,

I am off today, but looking at what I have.
I do have a Final QA Report from the construction, but it is 200 Mb.
I can upload it to the sharepoint site on Tuesday morning.

Have a good weekend!

Let me see what I have that won't be too large to email.
I'll let you know later today; we'll catch up post meetings then.

Thanks,

Jeryl,

Do you happen to have handy a pdf of some kind of final report for the plus-two ponds construction project?

I'm not sure the document made it into EPA's record management system.

Thanks,
